EIGHTH WAVESM

TRAINING & COMPLIANCE

Vetting suppliers to ensure they are at minimum government-compliant, with specially-trained staff and following the safety and hygiene standards. We prioritize vendors that have sought 3rd party certification or global health and safety standards, in addition to national compliance.

EIGHTH WAVESM

PROVISION OF SAFETY EQUIPMENT

Ensuring the provision of safety equipment for all our clients/participants; including, but not limited to, face masks, hand sanitizers, disinfectant wipes, and making sure they are accessible throughout the event.

ENHANCED SANITATION PROCEDURES

We also set our own standards by increasing the disinfection frequency of commonly touched surfaces of vehicles, equipment and venues, and the use of sneeze-guards and shields where possible. Contactless technologies and processes will be prioritized.

HEALTH DECLARATION & MONITORING

On top of health monitoring procedures implemented by airports, hotels, and venues, we will also conduct individual temperature checks regularly of staff, drivers, guides and require our clients to declare any flu-like symptoms. A full SOP for any suspected case has been developed, for each Destination.
